About the Activity

Career Counselling session titled "The Foreign Exchange Exposure and Hedging" was held for students who wish to pursue a career in the foreign exchange market. The guest talk was suitable for anyone who is interested in trading. The guest speaker enriched the students with the basics of foreign exchange and the risks involved. He also emphasized that they can work from home and earn money using their laptops or mobile devices. Apart from this a fleet of other topics such as; the Bretton Woods Agreement of 1944, Currency Trading, Floating Exchange rates, types of FX transactions and Financial Instruments, and Hedging were covered by Prof. Grima.

Aligned Activity Outcomes with Objectives

Activity Objectives	Activity Outcomes
To counsel the students on how to advance their trading abilities and pursue a job in foreign exchange.	Participants have developed a better understanding of the structure and functioning of foreign exchange markets.
To learn the Forex terminology.	The participants have learnt various new concepts that govern foreign exchange markets: interest rate parity, purchasing power parity, forex reserves, and the balance of payments.
To discuss and apply traditional and basic methods of foreign currency risk management.	Participants learned about the causes and consequences of foreign exchange risks and the tools and techniques to manage those risks.
