Topic	From Paper Chase to Tech Ace: The Smart Board Training.
Date	2024-02-03 to 2024-02-03
Mode	Offline
Venue	Class room - 102
Organizer Name	Ms. Babita Paswan
Resource Person	Mr. Vidyut Kumar|Associate Director - IT
No. of Participants	30
SDG No	SDG 4: Quality Education SDG 9: Industry, Innovation and Infrastructure SDG 12: Responsible Consumption and Production SDG 17: Partnership for the Goals

Objective :

1. Master Smart Board basics: Become confident users of the hardware & software, navigating menus & utilizing key features.
2. Craft interactive lessons: Design engaging presentations, incorporate multimedia resources, & integrate assessments seamlessly.
3. Boost student engagement: Leverage interactivity to capture attention, encourage participation, & create a dynamic learning environment.
4. Discover innovative techniques to enhance teaching and learning with Smart Boards.

Description :

To empower faculty with the latest educational technology, a training session titled "From Paper Chase to Tech Ace: The Smart Board Training" was conducted on February 3rd, 2024. The training aimed to equip participants with the skills and knowledge to effectively utilize Smart Boards in their classrooms, fostering interactive learning and improved engagement. The sessions delved into crafting dynamic presentations with integrated multimedia and assessments, leveraging interactivity to captivate students, and mastering the Smart Board's functionalities for seamless operation. Additionally, the training encouraged exploration of innovative applications to enhance pedagogical practices and ultimately promote student success. This knowledge-sharing session ensured faculty members are equipped to embrace technology and transform their classrooms into engaging learning environments.

Outcomes :

1. Interactive Spark: Participants mastered using Smart Boards for interactive lessons, boosting student engagement & creating lively learning environments.
2. Tech-Savvy Teaching: The training equipped faculty to seamlessly integrate multimedia & assessments, fostering diverse learning styles & deeper understanding.
3. Smart Board Confidence: By learning key functionalities & troubleshooting skills, faculty gained confidence in using the technology, ensuring smooth integration & maximizing it
