Description :

BBA Aviation batch 2024 students of Chitkara Business School attended Career Counselling Session by Dr. Ashwani Khanna, Founder & CEO of Aerotech today . He highlighted the immense opportunities and challenges to keep pace with projected economic growth and aspirations of Indians . The batch also received first set of notes from IATA, Canada on Airlines Cargo and Logistics as an essential part of their course . Dr. Ashwani also spotlighted on Sustainability in aviation sector and growing demand of industry . Dr. Khanna imparted students with his great wisdom of knowledge about aviation sector , sustainability in aviation sector , Aerotech Support Services Pvt. Ltd. as well as Taxibot . He also highlighted apprehensions of covering the gaps that exists in the industry , so that an individual can grow and achieve success . Dr. Khanna made students familiar with certain researches (i.e. dry wash of airplanes) on which his company is working upon . Adding to it, students of aviation management are privileged that they are getting chance to study IATA certified course in this semester and many other courses of IATA in forthcoming semesters . The batch also received first set of notes from IATA, Canada on Airlines Cargo and Logistics as an essential part of their course . Dr. Khanna's presence had elevated the minds of young aspiring aviation aspirants , his insights had enlightened them at a peak . Even germinating minds had clarified their certain queries regarding aviation sector and with professionalism and patience Dr. Khanna elucidated them all . Dr. Ashwani also spotlighted on Sustainability in aviation sector and growing demand of industry . It was indeed a wonderful session !

Outcomes :

1. Students gain a deeper understanding of sustainability issues and emerging solutions within the aviation industry .
2. Students develop a clearer vision of their potential career paths in the field of sustainable aviation , aligned with their

interests and skills .

3. Students establish valuable connections with industry professionals and peers ,expanding their professional network and gaining potential mentorship opportunities .

4. Students feel more motivated to pursue careers in the field
