The college offers 35 diploma programs, 31 advanced diploma programs as well as eight degree programs and is one of the leading community colleges of North America.

WHY CHOOSE GEORGE BROWN COLLEGE

1 STUDY IN THE HEART OF TORONTO

Our campuses are located in downtown Toronto, so you'll have access to top employers for field education and networking opportunities.

2 INSTRUCTORS WITH INDUSTRY EXPERIENCE

Many of our faculty have industry experience and pass that real-world knowledge on to their students. Their industry connections will help you expand your network and learn about professional opportunities.

3 HANDS-ON LEARNING

We believe that students learn by doing. That's why our modern learning facilities simulate what you'll experience in the working world.

4 GET REAL-WORLD EXPERIENCE

Most of our programs offer field education, which allows you to work, network and learn with industry employers.

5 INDUSTRY-INFLUENCED PROGRAMS

We develop our programs in consultation with industry leaders so that the technical and people skills you learn are the ones you'll need on the job.

6 WORK WITH INDUSTRY PARTNERS

Applied research projects provide opportunities for students to work with companies to prototype and test new products and designs, and help bring them to market.

7 PATHWAY TO UNIVERSITY

We have agreements with many of the top universities and can help prepare you to study at a Canadian university with advanced standing and transfer credits.

8 CONNECT IN A DIVERSE COMMUNITY

Approximately one third of our students are international students and many domestic students immigrated from another country to make Canada their home. Connect with people from not only your home country but also from different cultures and regions, both in and out of the classroom.

EXPERIENCE TORONTO

Toronto isn't just Canada's largest city, it has also established itself as North America's largest financial centre after New York. It's a major hub for multinational employers in finance, technology, hospitality, arts and design, entertainment, health sciences and more. George Brown College has strong industry partnerships that we work closely with to develop our programs and course content. Our students have incredible opportunities to learn from world-class leaders as well as to connect and work with top professionals in their fields.

GLOBAL LEARNING IN CANADA'S GLOBAL CITY

Yonge-Dundas Square

Distillery District of Toronto

World-class public transportation makes it easy to get around and discover Toronto's many attractions and vibrant neighbourhoods. There are lots of exciting options for entertainment, dining, music and theatre, art galleries and museums, professional sports as well as parks and beaches. Outside of Toronto, you'll find a large selection of recreational sites and activities, including vast wilderness areas. Hiking, biking, camping, kayaking, downhill skiing and attractions like the Niagara Falls, are all within easy access from downtown.

TOP 3 REASONS INTERNATIONAL STUDENTS CHOOSE CANADA⁴

1. The quality of the Canadian education system
2. Canada's reputation as a tolerant and non-discriminatory society
3. Canada's reputation as a safe country

Administration (Business Analytics)

GEORGE BROWN
COLLEGE

THE FUTURE OF BUSINESS IS ANALYTICS

Today's Businesses know that it is critical to stay on top of what's next in their industry: the next trend, the next tool, the next technology. They are developing capacity within their organisations to use data to derive insights for a more profitable future. Businesses around the globe have access to an infinite amount of data and are looking for candidates who are ready to assess, decipher and evaluate this information. Hence, a credible education in analysing data could equip learners to lead future organisations into taking the most informed business decisions.

Chitkara University has brought one of the most relevant and credible Business Analytics degree program pathway with an academic mentorship from George Brown College in Canada. Learn how to transform complex data into easy-to-understand, actionable information and leverage it for sound decision making. This interdisciplinary Business Analytics degree program blends courses in business, leadership, liberal sciences, dashboarding technologies and analytical techniques. By working with various types of data, students will improve their key critical thinking approaches, strategic and insightful leadership and management competencies. Our graduates will be ready to contribute and be part of the solutions for these organisations.

PROGRAM HIGHLIGHTS

Chitkara University offers a globally recognised Business Analytics degree, guided by George Brown College in Canada. Students receive a Conditional Letter of acceptance into George Brown College's pathway program, allowing a transfer option after two years. The initial two years include co-teaching and mentoring by George Brown College faculty, both online and offline. Upon completing the degree at Chitkara University, all credits seamlessly transfer to George Brown College, aligning with the Honors BBA in Business Analytics Degree's first two years.

Students studying at Chitkara University in the first two years save cost significantly, paying only 1/3rd of the international fee or the equivalent of what a Canadian domestic student pays for a similar program in Canada. This results in a substantial 60% reduction in the international tuition fee component, making the program financially advantageous for aspiring business analytics professionals.

Students who continue in the 3rd year of Bachelor in Business Administration in Business Analytics Degree at Chitkara University. They will be required to pay a nominal examination fee of Rs. 50,000/- for their third year of education and will graduate with a BBA in Business Analytics 3 year degree from Chitkara University.

There are potential pathways for BBA graduates interested in pursuing a Master of Data Analytics or Master of Business Administration degree, including from the following universities:

York University | Athabasca University | Toronto Metropolitan University | Pace University (New York City)

*Chitkara University and George Brown College are continually striving to improve their programs and their delivery. The information contained in this framework is subject to change without notice.

LEARNING OUTCOMES

In the business analytics degree program, you'll develop a comprehensive understanding of applied business intelligence models, data management, and data science-driven decision-making with a global perspective. By program completion, you'll be able to differentiate between analytics approaches, gaining practical skills in programming, applied statistics, and database management tailored to organisational data needs.

The program uniquely integrates technical and analytical skills, covering financial competencies like income statements, capital versus operating expenses, and tools such as cost-benefit analysis and net present value. This holistic approach ensures proficiency in leveraging big data for enhanced decision-making, equipping you to excel in analytics roles across the world.

YOUR CAREER

Advances in analytics technologies, especially in sectors like pharmaceuticals, banking, health, manufacturing, and government services, have created a strong demand for skilled professionals. Over 182,000 ICT workers were needed in Canada by 2019, with an additional 36,000 required by 2020. With a projected 16% industry growth by 2026, graduates of the Bachelor of Business Administration in Business Analytics program can contribute to Canada's global standing in data analytics.

Common job titles for Business Analytics graduates include:

Analyst – Data Science / Data Mining | Business Analyst | Data Scientist | Marketing Specialist
 Data Scientist (Applied Analytics, Finance, Banking, Telecommunications) | Expert – Data and Analytics
 Manager, Customer Insights & Analytics | Marketing Insights & Analytic Specialist
 Performance Analyst | Senior Analyst, Data Insights and Analytics | Senior HR Analyst Data & Insights
 Senior Manager/Director – Data Science/Data Mining

George Brown College ensures our international students thrive by providing the necessary support for success and maximising their experience in Canada.

TRANSFER TO CANADA

You have an option to apply for transfer to George Brown College in Canada after studying and demonstrating academic success (with a requisite CGPA) and other statutory requirements while studying two years of BBA in Business Analytics at Chitkara University. You will be eligible to transfer into the third year of BBA in Business Analytics at the George Brown College with all transfer credits of prior learning from the first two years of your study at Chitkara University where you will spend another two years of study to get a 4-Year BBA in Business Analytics degree from George Brown College in Canada. You will also be eligible to apply for a three year post study work permit after successful completion of your program.

However, apart from demonstrating academic success in the first two years at Chitkara University, you have to secure a study permit from Immigration, Refugees and Citizenship Canada or IRCC, the only Canadian government visa granting authority.

Other conditions include but not limited to:

- Valid IELTS Score of 6.5 cumulative with no band less than 6.0
- No prior refusal of any visa for Canada on your passport
- Have demonstrated academic success while studying first two years of your bachelors degree education at Chitkara University and secured minimum CGPA.

Please note that IRCC has the sole right to grant or refuse any kind of visa to Canada and no external factor or entity has any say, control or influence on their decision. For more information visit cic.gc.ca/English/study/work.asp
