Hello future.
EXPLORE YOUR POTENTIAL

Whether you want to broaden your mind, advance your career, increase your knowledge, travel the globe or change the world, Chitkara University can provide you with the opportunity and real life skills to do it.

STRONG ACADEMIC HERITAGE

Chitkara University which has been founded by highly accomplished and passionate academicians is emerging as one of the leading non-profit private Universities in the country.

100% CAMPUS RECRUITMENT

Chitkara University has established an unassailable reputation for strong on-campus recruitments on the sheer virtue of our intensive focus on making all our graduates “industry ready”.

INNOVATION

Chitkara University is different. Our students are different. So are our faculty, our academic strengths, research pedigree and our outlook on teaching and learning.

THINK

Students from around the country are attracted to Chitkara University because all our academic programs are designed with keeping YOU in mind.

So go ahead. Sign on the dotted line for your future success.
AN INSPIRATIONAL STUDENT EXPERIENCE AT A LEADING NON-PROFIT PRIVATE UNIVERSITY OF INDIA
WHO ARE WE?

Chitkara University has been founded by Dr. Ashok Chitkara and Dr. Madhu Chitkara who have been passionate teachers for more than 40 years now.

Since the inception of the University, Chitkara University has been different. Our students have been different. So are our faculty, our academic strengths and our outlook on teaching and learning.

The unique difference being that Chitkara University has been established by and managed by passionate academicians with the sole mission of making each and every student "Industry ready"

This difference has been acknowledged by students, parents, alumni, Government and Industry since the inception of the University. Within a decade, most of our academic programs are ranked among the top 50 programs in the country which speaks volumes about our strong academic heritage, highly committed faculty, extensive Industry collaborations, great international connections and state of the art campus facilities.

JOIN CHITKARA UNIVERSITY TO EXPLORE YOUR POTENTIAL !!
Selecting a university program marks the start of an exciting period of your life. When you are selecting a program at an institution, you add life-changing experiences and expanded opportunities as well.

Students from around the country are attracted to Chitkara University because of our commitment to teaching excellence, because we conduct research that makes a difference, because of our industry partnerships and because of our tailored courses.

We look forward to welcoming you to Chitkara University.

CHITKARA COLLEGE OF EDUCATION
- B. Ed.
Chitkara University’s reputation for innovative teaching, strong industry links and highly employable graduates continues to set us apart from other Indian Universities.

SMALL WORLD

Whether you are a Bachelor’s student, Master’s student or taking part in one of our exchange programs, we make sure you feel right at home with us.

Chitkara University provides a specially safe and serene setting for studies. Students get to enjoy the changing seasons and are able to grow in various ways.

At Chitkara University, Education is not only ‘State-of-the-art’ but truly ‘State-of-the-heart’. Everything we do shares the same mindset and determination.

We feel passionately about what we do and we hope you will become part of our family.

CLEARED FOR LAUNCH

Any decent road map to success requires that you know where you are going and also where you have been. The third element is momentum.

In accordance with Chitkara strategy, we allocate more and more resources to excellence in teaching and learning. The entire approach at Chitkara University is learning-centric, enhancing knowledge, skills and understanding through practical experience.

Today, we have impressive world-wide collaboration agreements with top International Universities and research institutions which is helping us train Chitkara students for the new global economy.

We strongly believe that we are creating the right kind of future for the professionals of tomorrow who we are educating today. Our Education is always supported by the exceptional research that we conduct. This is a solid platform for your potential, for your ambition and for your career.

**INDUSTRY-LED COURSES**

Chitkara University offers a learning experience that improves your employment prospects. We maintain close links with leading blue-chip companies and professional associations to deliver most of our academic programs. Through these alliances we stay in touch with industry, ensuring that our courses are relevant, practical and deliver the skills in demand allowing our graduates to hit the ground running.

Strong corporate relationships also have a direct influence on our degree programs and have resulted in our industry facing curricula. This ensures that our education is up to date and valued by the future employers of our alumni. Chitkara University's board also has a strong representation of top level executives from top corporations across the world.

**GREAT CAMPUS RECRUITMENT**

Chitkara University has established an unassailable reputation for very strong campus recruitment on the sheer virtue of our intensive focus on making all our graduates industry ready.

**START ME UP**

Innovation and entrepreneurial thinking are highly valued at Chitkara University. The possibility to combine business and technology in their studies gives our students unique opportunities to build their future careers, be it through top-class companies or capitalizing on their own innovations in order to create new businesses.

Think of it as your very own, personal Launch pad.
Located in the foothills of the Shivalik mountain ranges, Chandigarh is India's best planned city, with world renowned architecture and an unparalleled quality of life. The face of modern India, Chandigarh, is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed.

Chandigarh was the first planned city in India post independence in 1947 and is known internationally for its architecture and urban design. The city has projects designed by architects such as Le Corbusier, Pierre Jeanneret, Jane Drew and Maxwell Fry. It is an urban showpiece - where plants and trees are as much a part of construction plans as the roads and buildings.

Chandigarh and its surrounding areas, namely Mohali and Panchkula are on their way to become the north Indian hubs for IT industry with major presence of companies such as Infosys Technologies, Dell, Tech Mahindra, Quark and Wipro. Chandigarh is also home to several regional offices for major multinational banks, retail establishments and real estate corporations.

With its world class infrastructure and highest per capita income Chandigarh is fast emerging as the entrepreneurship hub of the country. Chandigarh is also attracting the service industry, education, health, food processing and a host of other companies who view it as their regional center for all north Indian states namely Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Punjab and Haryana.

Chandigarh is a city that comes under 'Times' 15 best Asian spots. 'Times' magazine has dubbed Chandigarh as "the thinking man's city" amidst a continent of mindless growth.

In major surveys, Chandigarh beats Bangalore, Chennai & Hyderabad in the overall ranking of India's best cities for doing business. A confederation of Indian Industries (CII) commissioned study has ranked Chandigarh as the overall third best city for doing business among 35 cities with an urban population exceeding population of one million.

With easy connectivity to major cities across India by flight as well as rail Chandigarh serves as the gateway to northern India. There are also direct flights to connect with the rest of the country mainly Mumbai, Delhi and Bangalore. Indian rail network connects this city to various Indian cities chiefly Delhi, Shimla, Lucknow, Jaipur, Mumbai, Goa and Kerala.
CHANDIGARH
A million people; infinite possibilities

WE ARE HANDS-ON & RESPONSIVE IN THE WAY WE TEACH

Our degree programs prepare students for the real world and offer the opportunity for practical, hands-on experience, internships and projects. Take advantage of this experience to gain the practical skills employers are looking for and open your mind to career opportunities. Academics at Chitkara University keep pace with workplace demands and ensures that students are 'work ready' and in touch with what's expected in a professional environment.

Academic Excellence

Our academic programs enjoy a great reputation in the industry. To maintain our leadership position, we focus on inducting the best faculty from across the industry and academia. Our faculty is known for its strong academic orientation contributing to the creation of knowledge in a dynamic, ever changing environment. Classes are built around experiential learning where students are pushed to their limits to take conceptual framework and apply them. Teaching methods include lectures and tutorials that emphasize a learning-centric approach and application of knowledge. Faculty brings their broad based experience into the classroom to enrich the learning process and to ensure that coursework reflects current industry practices.

Problem Based Learning (PBL)

Some of our courses are being taught using the PBL approach where students apply their knowledge to solve problems they may encounter in a professional context and in doing so, extend their experience beyond their textbooks. Elements of the work situation are brought into the classroom by the PBL approach. Students undertake a series of tasks that bring industry problems into the academic environment.

**Guest Lectures**

Guest lectures are regularly organised by eminent industry experts, entrepreneurs and HR managers from large and medium sized companies to give information to students on latest trends and happenings.

**Applied & Project Based Learning**

Applied learning is a hallmark of all teaching at Chitkara University. We believe that the best way to learn is by doing and that’s why we emphasize a hands-on approach. We lay stress on project based learning. Thus, the need for independent thinking and creativity is encouraged among students resulting in interesting and novel projects. Further, a significant increase in the open category credits enables students to have a broad base and pursue interests and adopt a multi-disciplinary approach.

**Specialisation Options**

In every program, further specialisation and electives are offered in the last year of the study. To help a student in this task, various tracks have been identified through our curriculum geared towards a variety of specialisations. Our goal is to prepare students for a satisfying career in Engineering. Following a particular curricular track will equip a student with the skills needed for progressing further in the chosen career.

**Faculty**

Chitkara University boasts of strong faculty with Masters and Doctorate degrees in different specialisations with appropriate academic and research blend of mind. The entire faculty has been drawn from leading academic institutions and corporations from across the country with years of teaching and research experience. Our faculty enjoys a good reputation and strong relations with leading industrial houses in terms of consultancy and research work. Our faculty not only focuses on conceptual understanding of various academic concepts but also gives first hand experience to all students through role plays, experiential exercises, industrial visits and classroom lectures.

INTERACT WITH THE LEADING GLOBAL MINDS
TEACHING METHODS

We have a range of teaching methods, designed so that you can get the most from your studies such as:

**Lectures**
You will listen to experts sharing their knowledge and discoveries in challenging and encouraging ways. Academics will introduce you to key facts and ideas in your subject. There may be mini activities and pair work to complete later. You may like to take written notes, but most lectures are now recorded, so you can access the information afterwards on the Virtual Learning Environment.

**Seminars**
In small groups led by academics you will be encouraged to present and discuss your ideas and debate interpretations and opinions with other students.

**Tutorials**
You will have the opportunity to discuss your work and assignments with your tutor, usually in small groups.

**Laboratory-Based work**
You will have a chance to get practical experience and apply the knowledge you have developed in your lectures to a laboratory setting. Through these sessions you will learn to expertly analyze real life problems that will equip you with the practical and analytical skills so valued by employers.

**Workshops**
You will engage in problem solving sessions facilitated by a member of academic staff; these sessions usually involve students working in groups.

**Self Study**
You will be expected to read around the subject matter of your lectures. Lectures will stimulate your curiosity to find out more through your own independent study and teamwork with fellow students, both before and after the lecture itself.

**Peer Group Learning**
You will be asked by your tutor to direct a lesson or prepare a presentation with your fellow classmates. By interacting with the lesson material, you will remember the content more effectively.

**Cutting Edge Equipment and Up-to-Date Laboratories**
Ample, up-to-date computer resources and the newest technology are available to students. Laboratories are equipped with tools used by the industry and businesses making our education future-proof.

Lectures, demos, assignments, seminars, tutorials, laboratory assignments, internships and corporate visits are an integral part of Chitkara Education. Our study methods are continuously developed and new creative ones introduced. Small student groups allow teachers and professors to get to know every student on an individual level.

Your academic studies will be challenging. We offer the highest quality academic experience and expect you to excel. You will be an active part of a leading academic community where originality, independent thought and enquiry are not only encouraged but expected. You will be studying and working alongside academics who are experts in their fields. Our outstanding and responsive support services will be actively available to you right from the start of your transition to University life, until the end of your degree.

You will be encouraged to become an independent and self motivated learner. This means you will be able to spend your time outside of lectures reading around your chosen subject, formulating your own ideas. This will encourage you to develop an enquiry-based approach to learning, enabling you to challenge ideas and put forward your own opinion.

This approach may be very different to the way you have studied in the past. With the support of your lecturers and tutors, you will learn to adapt to this participative approach and reap the rewards it brings you. Our enquiry based approach enables you to take control of your own learning, encouraging you to develop the skills that employers are looking for.

WHERE LEADERS ARE MADE

Attitude, Communication & Knowledge are three essentials for students to succeed in their lives. We emphasize more on these three aspects thoroughly to make our students competent and capable professionals.

We provide a specially designed training program to the students in order to improve their employability skills and to prepare them to face the interview boards more effectively. The objective of this program is to provide the students with an integrated module of personality enhancement emphasizing those areas which are essential for the overall growth and development of a confident and well-groomed professional.

In a recent survey of recruiters from companies with more than 50,000 employees, communication skills were cited as the single most important decisive factor in choosing employees. The survey points out that communication skills, including written and oral presentations and an ability to work with others are the main factors contributing to job success.

At Chitkara University, our qualified in-house trainers for communication skills provide language training where students learn to speak and communicate effectively. Sufficient opportunities are provided to our students to master their language skills through group discussions and presentations.

Communication Skills

Research at Chitkara University is growing steadily but strongly. Led by successful strategies to develop a vibrant research culture which aligns with and informs our learning and teaching activities. Our goal is to improve Chitkara’s research performance by building a critical mass of researchers who will develop a distinctive portfolio of high quality discovery, applied and commercial research.

The University’s approach to its research is differentiated, targeted and welcoming of quality collaborative partners. Our strategies include: concentrating research in areas of strength and excellence; engaging widely with local, national and international institutions, industry and community partners, and all levels of government; establishing and partnering in research centres; appointing researchers who are leaders in their fields; and commercialising applied outcomes.

Both the faculty and doctoral scholars actively involve themselves in research projects. Interdisciplinary research, a system level approach and close ties to industry combine to yield up-to-date research. Strong ties with industry complement these top-notch research opportunities. Through research centre-industry liaison programs and departmental advisory boards, faculty and students are working towards future technologies. Lot of our research initiatives are under the funding consideration from DST and other related agencies.

The students and faculty take part in national/international conferences as well as workshops and seminars in their areas of interest. Faculty are constantly involved in research publications and quality improvements programs. This approach helps the faculty in taking the student imagination beyond classroom teaching to actual scientific exploration.

Chitkara University is one of the two institutions in India that received the prestigious HP Innovation Grant of USD 1,70,000 and one among five selected from Asia Pacific including Japan for creating technology which is accessible to everyone as a way to learn, work and benefit from information.

Library Facilities

Library services at Chitkara University are the cornerstone of our education system. The mission of our library services is to facilitate creation of new knowledge through acquisition, organisation and dissemination of knowledge resources.

The libraries at Chitkara University Punjab have spacious reading hall, periodical centre, group discussion rooms and online database browsing area.

The University libraries offer a wide range of materials in a variety of formats—from traditional books and serials to films, multimedia and networked information from around the world. Highly skilled staff assists students to use the local collections and find information on specific topics.

Our libraries are a learning space where students are inspired to explore, research, and create. Our libraries are not only the place to think, but also an informal work area where students gather to collaborate. Social elements include a café and vending machines, lounge areas, and newspapers. Use our libraries to study for exams, finish assignments, and to balance study and work.

Our libraries house a collection of more than 20,000 items including books, journals, microfilms, audio-visual material and CD-ROMs. Furthermore, the students have access to more than 10,000 electronic journals available online.

We have access to a large number of e-resources, ASCE Journals, ASME Journals, IEL online, Science Direct, EBSCO, Emerald, SCIFINDER, SAE-Tech Papers, Indian Standards Codes, ACM, ABI / Inform Complete (PRO QUEST), Springer Link and Engineering Referex. Our libraries have a Video Conferencing facility and also provide classroom teaching through EDUSAT programs and NPTEL video courses in the different fields of education.

PEOPLE WHO STUDY HERE DO WELL
OUR INDUSTRY ACADEMIA RELATIONSHIPS

Chitkara University maintains close link with leading corporations and professional associations to deliver most of our professional programs. Through these alliances we stay in touch with industry, ensuring that our courses are relevant, practical and deliver the skills in demand allowing our graduates to hit the ground running. Some of our leading industry collaborations are:

- SAP
- Google
- Microsoft
- NVIDIA
- ARM
- CA Technologies
- NXP Semiconductors
- Cadence
- Cisco Systems
- Infosys
- Wipro
- Ericsson
- Dassault Systemes
- National Instruments
- Oracle
- Mahindra
- Tata Technologies
- Bosch
- Rasco
- ManpowerGroup
- BSE Institute Limited
- HDFC Bank
- Safeducate
- Shoppers Stop
- Fortis
- Sankara Eye Care Institutions - India
CHITKARA UNIVERSITY HAS ESTABLISHED AN UNASSAILABLE REPUTATION FOR VERY STRONG CAMPUS RECRUITMENT ON THE SHEER VIRTUE OF OUR INTENSIVE FOCUS ON MAKING ALL OUR GRADUATES “INDUSTRY READY”.

- Marquee companies such as ARM, Cadence and NXP Semiconductors are supporting us in terms of supplying state of the art equipments for best hands-on classroom training.

- nVIDIA which is one of the leading companies in the parallel computing space has granted the status of “CUDA teaching Centre” to Chitkara University.

- Infosys Campus Connect and Wipro 10X Mission has provided us an important framework for our Engineering curriculum Strong linkages with Industry leaders such as CISCO, Ericsson, Dassault Systems, National Instruments & Oracle to develop and deploy industry-relevant curricula on various technologies for our Engineering curriculum.

- Our program in Mechanical Engineering has been endorsed by leading companies such as Mahindra, Rasco, Dassault Systemes, Tata Technologies And Bosch.

- Chitkara Business School is offering a unique 2 year MBA program in Human Resource management with Manpower Group which is the leading manpower consultancy in the world.

- Joint management programs with BSE Institute has helped us initiate academic programs in the realm of financial sector knowledge.

- Our program in supply chain management works towards bridging the huge skill gap prevalent in the logistics industry through our industry partner, Safexpress, India’s largest supply chain & logistics company.

- All degree programs offered by the School of Health Sciences are in collaboration with Fortis Healthcare which is one of the leading healthcare providers in Asia.

- Our Optometry programs are fully endorsed by Sankara Healthcare which is one of the leading eye care chains in the country.

- The curriculum and program structure for all our Journalism and Mass Communication has been inspired and adapted from the UNESCO Model Curricula for Journalism Education.

- Strong Association with leading media corporations such as ZEE Network and other media companies has been a great support in redefining our programs in Mass Communication.
THE START OF SOMETHING BIG
OUR CAMPUS RECRUITERS

SINCE INCEPTION, CHITKARA UNIVERSITY HAS A PATH BREAKING RECRUITMENT RECORD FOR GRADUATES FROM VARIOUS ACADEMIC PROGRAMS. SOME OF THE PROMINENT RECRUITERS ON CAMPUS ARE:

CAREER SERVICES

We offer our students comprehensive opportunities to occupy themselves with questions around their career planning right from the beginning of their studies. A broadly diversified choice of career activities accompanies them during their studies and offers numerous networking opportunities with company representatives and alumni.

**Focus on Careers**
Chitkara prepares students for the real world and fulfilling careers. With industry representation our course continues to keep pace with real world practice making our students work-ready the moment they graduate.

**Mentoring**
Sometimes a little advice and guidance from someone who has been there and done that can go a long way. Students have unlimited opportunities to interact with professionals from their field to build contacts and learn about new industry trends.

**Student Support Services**
Our Career Centre provides personal career counselling, extensive career development seminars and invaluable assistance in developing one’s resumes that showcase his/her skill and experiences.

**Networking**
Smart graduates require tapping into network of people, technology and information. At Chitkara, you are connected with world-class faculty, savvy technocrats and innovators. Technical workshops with guest speakers from the industry are held regularly to acquaint you with the latest happenings.

**Internships**
At the end of every academic year, most students are provided opportunities to pursue internships to gain some real world practical experience. Emphasis is placed on ensuring that students attending the program are placed in rewarding, real-world company assignments that extend the learning experience into areas that are not available at the University. Most of our degree programs offer the opportunity for practical, hands-on experience, internships and projects within the local community. This is why our graduates are in demand.

A broadly diversified choice of career activities accompanies them during their studies and offers numerous networking opportunities with company representatives and alumni.
Chitkara Innovation Incubator was initiated in the year 2013 with a sprawling 15,000 sq ft facility next to Rajiv Gandhi Information Technology Park, Chandigarh which is the prime destination for major blue chip companies such as Infosys, Tech Mahindra and Airtel.

Chitkara University is a place of original thinkers; nurturing and stimulating inquisitive minds to produce graduates with innovative ideas, perspective and approaches.

Chitkara Innovation Incubator helps turn students’ business ideas into reality. Student ventures with scalable, commercial potential are given access to high-tech, collaborative office space, paired with industry mentors, subject matter experts, and community corporate partners to develop scalable business plans, and market-testable products and services.

This Innovation Hub will be one-stop shop for know-how. Entrepreneurs across Chitkara University can access seed capital opportunities, one-on-one mentoring, pro-bono support services, feedback from entrepreneurial experts, and capacity-building workshops covering everything from legal liability to effective marketing to entrepreneurial finance.

It is a community, a nexus point where innovators at Chitkara can meet, interact with other innovators, and learn from peers, all of whom are driven to create lasting positive change. That community includes undergraduate and graduate students, faculty, staff and alumni across any discipline.

Some of the companies which have made Chitkara Innovation Incubator are

1. trideal.in
2. MWP
3. IDEAS.EDGE.COM
4. SchoolPad
5. yellowcursor
6. chalkpad
7. itmatic
Chitkara Innovation Incubator is always looking at encouraging students to become entrepreneurs and regularly facilitate interaction with angel investors and start up mentors.
The net is not a net until it begins to work. Work your network today through us.

The main components of the CHITKARA ALUMNI NETWORK mission are to enable alumni, students, faculty and staff to maintain their contact with the University and each other for their shared benefit and for the vital support and development of CHITKARA UNIVERSITY. One of the strongest bonds that survives with our students’ over the years is the class bonding and CAN provides a forum to strengthen the bond over the years. We have CAN chapters in Chandigarh and New Delhi and upcoming chapters in Pune, Mumbai, Bengaluru and many other cities in India.

Alumni to Alumni
Find old friends and connect to other alumni. Join our official Chitkara Alumni Network page CAN and become a part of a huge global community.

Alumni to the World
Our Alumni discover business opportunities through Chitkara Alumni Network all over the world and across industries.

Career Services
The career services maintains a close relationship to the alumni who significantly support on-campus activities and also help finding national and international job/internship positions. CAN helps our students stay in contact and dialogue with us, take part in the manifold events we offer them, make use of the various information services and actively engage with words and deeds.

"CHITKARA IS THE FULL EXPERIENCE: Lifelong friendships from around the world, inspiring lecturers, dynamic learning, diverse opportunities, and ongoing support.
CHITKARA UNIVERSITY FOSTERS CRITICAL THINKING."

Internationalisation and globalisation are key characteristics of today's environment. The world has become a "Global Village" where economical, political, social and cultural dimensions are tightly intermingled. Such a platform offers not only considerable opportunities but also higher complexity. One must prepare for the future by anticipating the challenges and having a vision for the wide-ranging possibilities.

Chitkara University is prepared to face these new challenges, responding to professional and international commitments, by educating and training students and managers to be "Global Ready" for tomorrow's world and by helping them in developing skill sets desired by future employers.

As a consequence, celebrating diversity, preparedness for international careers and "Being Global" are embedded in our organisational culture at Chitkara University.

The International Experience

Combining an international education and study abroad experience is a strong asset in today's marketplace. It gives candidates a huge competitive advantage but also greatly contributes to students' personal development.

Students from Chitkara University enjoyed unforgettable experiences during their study abroad programs, such as semester exchange and summer school programs, at partner universities in countries like Germany, France, South Korea, England and USA.

We, at Chitkara University, believe that combining a state of the art education and study abroad experience is strongly desired in today's marketplace; it enhances candidates' professional, global & intercultural competence but also greatly contributes to students' personal development. Studying abroad is also an important opportunity to build a new network of friends and contacts from all over the world, which is a major asset in an increasingly interdependent world.

Our Unique Global Network

Chitkara University has established a unique network of more than a 50 partner universities and educational institutes around the globe. This co-operation network forms the basis for student as well as faculty exchange programs within the framework of our educational programs.

Our International and Supportive Study Environment

With its growing number of international students and faculty, Chitkara University offers a truly international study environment. International faculty from partner universities teach short-term courses to students of Chitkara University during global events such as global engineering, automotive and business weeks.

CHITKARA UNIVERSITY STUDENTS ARE EXPOSED TO A HOST OF INTERNATIONAL PROGRAMS WHICH RESULTS IN A TRULY "GLOBAL" PROFESSIONAL.

Student life at Chitkara University is more than just ardent toil next to a big pile of books. The wide range of clubs and students' associations, as well as the surrounding environment, provides memorable experiences ranging from culture to sports & fitness.
STUDENT LIFE 2.0

Student life at Chitkara University is more than just ardent toil next to a big pile of books. The wide range of clubs and students associations, as well as the surrounding environment, provides memorable experiences ranging from culture to sports & fitness.
CHITKARA SCHOOL OF PLANNING & ARCHITECTURE
Established in the year 2004, Chitkara School of Planning and Architecture (CSPA) is approved by All India Council of Technical Education (AICTE) and duly recognized by Council of Architecture offering 5-Year Bachelor of Architecture (B.Arch). With the establishment of Chitkara University, CSPA has become one of its constituent institutions and is now looking forward to achieving higher benchmarks in Architectural Education.

The School is established on a 5-acre site within the University campus and has been designed in a way so as to offer the budding architects new ways to access design references, model buildings and present their ideas. It houses well equipped design studios, lecture theaters and library with more than 4000 books and wide collection of periodicals. We also boast of world class computing resources including audio visual lab and material museum.

VISION & MISSION

The goal of Chitkara School of Architecture is to nurture and cultivate the unique qualities of each student through an interesting curriculum, in an inspiring environment and under the guidance of experienced faculty members. Central to the school’s philosophy is the commitment to design excellence that demands not only the skillful manipulation of form, but also inspiration from a broad body of knowledge.

Instruction and research encompass design theory as well as visual studies, history, technology, and professional practice. Students are taught to draw upon knowledge and experience gained from the past while adapting to the changing needs of the modern world.

Global best practices in architectural teaching are being implemented in our curriculum to make sure that our students are ready to take on various career profiles in the ever exploding infrastructure development industry.

With the increase in investments in the construction sector, there has been a boom in the architectural sector. It has been observed that the supply of architects has not been in proportion with the demand of architects. It has been projected that in the coming years, the demand of architects all over the globe will be more than a million.

In alignment with the vision of the University, we strive to provide necessary wherewithal of creative and technical skills through constant interface with the profession to make our students socially and technologically proficient professionals.

Started over a decade ago, CSPA has established itself as a premier Institute of Architecture in India.

SHAPE THE FUTURE
WHERE CREATIVITY MEETS TECHNOLOGY
OUR FACULTY

Chitkara School of Planning and Architecture boasts of professionally qualified, experienced, motivated and highly committed team of faculty members. Frequent and regular interaction with architectural and building industry professionals is built into the teaching program and as such expert lectures and educational tours are an integral part of the course curriculum.

Lt. Col. (Retd.) Prof. IJS Bakshi
Director - CSPA
M.Arch (Hons) Gold Medal, MIE, B.Arch, F.I.I.A
Brief Profile

Prof. Surjit Singh Bais
Principal -CSPA
Brief Profile
More than 47 years of professional experience both in India and abroad in various capacities. Outstanding professional work in Architectural and Planning both in Africa and India such as award winning concepts plan of new city of Anandgarh near Chandigarh, Dashmesh Martial Sports Academy and Nishan-E-Khalsa Project for Anandpur Sahib and Multi-level Container Freight Station at Navi Mumbai.

Prof. Kiran Joshi
Head – Chitkara Centre for Advanced Studies in Architecture
Brief Profile
Over 32 years of teaching and over 24 years experience in research, documentation and conservation of built heritage with a large number of publications on heritage conservation. Member of key heritage organisations such as ICOMOS, mAAN, INTACH.

Col. (Retd.) Harbhajan Singh
Prof. – CSPA
M.Tech. Structures (IIT Bombay), MIE, Chartered Engineer (India).
Brief Profile
More than 36 years of professional experience in the field of Construction Management, Structure Design & execution of various projects. Actively involved for over 15 years in execution of Civil Engineering works in M.E.S., Border Roads and Army Units. Registered and approved Structural Designer with Chandigarh Administration. Author of a number of books on Design of Structures and Structure Mechanics especially for students of Architecture and Planning.

Architecture is a great field of study for those who are artistically talented and interested in creative design and the built environment. Our Architecture program allows students to tap into their creative talents, introduces them to the challenging world of building design and construction, and prepares them to become change agent of the future. Chitkara students develop critical thinking, research and analysis skills, and an ability to engage theory and culture with an understanding of how these forces work together in the built environment.

The first two years of the program prepare students in the fields of design, drawing and computer applications. Computer integration in the design studios is emphasized in the second year. While developing skills in design, drawing, computer applications and construction, students also study history, social science and humanities.

In the 3rd and the 4th year, the focus is on teaching the principles of building construction, civil structures, construction management, toen planning followed by Architectural Design Thesis.

In the last year of the program, students get “earn while you learn” opportunity with reputed Architectural offices and construction companies across the world.
Architecture is a great field of study for those who are artistically talented and interested in creative design and the built environment. Our Architecture program allows students to tap into their creative talents, introduces them to the challenging world of building design and construction, and prepares them to become change agents of the future. Chitkara students develop critical thinking, research and analysis skills, and an ability to engage theory and culture with an understanding of how these forces work together in the built environment.

The first two years of the program prepare students in the fields of design, drawing and computer applications. Computer integration in the design studios is emphasized in the second year. While developing skills in design, drawing, computer applications and construction, students also study history, social science and humanities.

In the 3rd and the 4th year, the focus is on teaching the principles of building construction, civil structures, construction management, and architectural design thesis.

In the last year of the program, students get "earn while you learn" opportunity with reputed architectural offices and construction companies across the world.
We offer 5-Year Bachelor of Architecture program that emphasizes the physical realisation of ideas where priority is placed not upon theory or practice in isolation but in concrete and poetic possibilities of their integration.

**5 YEARS B. ARCH PROGRAM**

PRACTICAL TRAINING
Closely monitored Professional Training in reputed national and international Architectural Offices where students can EARN while they LEARN.
Chitkara School of Planning & Architecture has an intensive focus on research and knowledge building – an activity taken up through the Chitkara Centre for Advanced Studies in Architecture.

The primary objective of the Centre is to build up a database of the innumerable territories of the built environment of India and also provide resources for conduct of specialized studies related to the same. Activities taken up through the centre include conduct of continuing Education programs, public lectures, conferences, with a special focus on studies and documentation of the lesser-known and built traditions of India.

Some of the significant studies completed by our faculty and students over the last few years include those of early twentieth century Sadar Area of Ambala Cantonment in Haryana, several historic buildings on the Mall Road and Baradari of Patiala in Punjab; temples, sarovars and river ghats of the sacred Braj Region in Uttar Pradesh and, a few residential and public buildings of Garli in Himachal Pradesh.

The Centre is fully equipped to undertake research publications, and is also mandated to bring out "Creative Space (CS)", the bi-annual academic journal of Chitkara University.
An International Conference “FILLING THE GAPS: WORLD HERITAGE & THE 20TH CENTURY” was organized from 3rd Oct -7th Oct, 2013. A major objective of this 5-day Training Program was to promote an understanding of the significance of twentieth-century heritage, not only of its physical and visual attributes, but also its historical, cultural and social dimensions. The program also aimed to examine the scope and the challenges of managing this recent heritage within the framework of the World Heritage regime. The fact that the event was a roaring success can be gauged from the fact that it had the largest ever gathering of foreign and Indian participants and experts drawn from 22 countries across the world.

This mega-event was hosted in collaboration with:

United Nations Educational, Scientific and Cultural Organization

World Heritage Convention

The World Heritage Institute of Training and Research for the Asia and the Pacific Region under the auspices of UNESCO

Council of Architecture

NIASA

ACADEMIC ACHIEVEMENTS

Architecture Students are always getting involved in national and international events outside of college life, through volunteering within the local and wider community. There are also regular field trips and study visits that are organised as part of the learning experience, allowing students to see various important architectural landmarks and heritage sites.

UTOPIA – 10@NASA

The students of CSPA participated in UTOPIA - 10, the 53rd Annual NASA (National Association of Students of Architecture) Convention and have won the iWINNER - OVERALL TROPHY and it is a matter of pride for North Zone as it gets its winning streaks for the first time in NASA.

National Design & Research Forum – All India student design competition

CSPA students won 1st & 2nd place in the 42nd National Design & Research Forum- an autonomous forum of the Institution of Engineers (India) - for their final year Architectural Design thesis for the year 2011 as well as 2012.

Our Students’ Design was approved by the Chief Architect, Chandigarh for the redesign of the entry points to Chandigarh.

CSPA declared as the best participating college at A3F event at Chandigarh.

Our students won INSDAG National Competition.

Braj Restoration Project

Students of CSPA got an opportunity to be part of Braj Restoration Project in association and under the guidance of an NGO - Braj Foundation. This documentation was in continuation to the last yearís documentation tour to Vrindavan.

Water Colour Workshop

A one day water-colour workshop was organized at Bougainvillea Garden, Sec-10, Chandigarh as part of the field work for the course of Visual Arts & Basic Design. Well known water colour expert Sh. Bheem Malhotra was invited as subject expert. The workshop aimed at inculcating a deep interest among students for the medium of water colours and developing a level of proficiency in its use.

Workshop on appropriate construction technologies (sustainable & low cost)

CSPA students took part in a hands on training workshop on appropriate construction technologies (sustainable & low cost) conducted by Prof. Anil Laul at Faridabad. The three day workshop aimed at developing an analytical approach among students to be able to achieve simpler solutions in different scenarios and applying the same in their own endeavors.
