Located in the foothills of the Shivalik mountain ranges, Chandigarh is India’s best planned city, with world renowned architecture and an unparalleled quality of life. The face of modern India, Chandigarh, is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed. Chandigarh was the first planned city in India post independence in 1947 and is known internationally for its architecture and urban design. The city has projects designed by architects such as Le Corbusier, Pierre Jeanneret, Jane Drew and Maxwell Fry. It is an urban showpiece - where plants and trees are as much a part of construction plans as the roads and buildings.

Chandigarh and its surrounding areas, namely Mohali and Panchkula are on their way to become the north Indian hubs for IT industry with major presence of companies such as Infosys Technologies, Dell, Tech Mahindra, Quark and Wipro. Chandigarh is also home to several regional offices for major multinational banks, retail establishments and real estate corporations.

With its world class infrastructure and highest per capita income Chandigarh is fast emerging as the entrepreneurship hub of the country. Chandigarh is also attracting the service industry, education, health, food processing and a host of other companies who view it as their regional center for all north Indian states namely Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Punjab and Haryana.

Chandigarh is a city that comes under ‘Times’ 15 best Asian spots. ‘Times’ magazine has dubbed Chandigarh as “the thinking man’s city” amidst a continent of mindless growth.

In major surveys, Chandigarh beats Bangalore, Chennai & Hyderabad in the overall ranking of India’s best cities for doing business.

A confederation of Indian Industries (CII) commissioned study has ranked Chandigarh as the overall third best city for doing business among 35 cities with an urban population exceeding population of one million.

With easy connectivity to major cities across India by flight as well as rail Chandigarh serves as the gateway to northern India. There are also direct flights to connect with the rest of the country mainly Mumbai, Delhi and Bangalore. Indian rail network connects this city to various Indian cities chiefly Delhi, Shimla, Lucknow, Jaipur, Mumbai, Goa and Kerala.

GREAT CAMPUS RECRUITMENT
Chitkara University has established an unassailable reputation for very strong campus recruitment on the sheer virtue of our intensive focus on making all our graduates industry ready.

START ME UP
The possibility to combine business and technology in their studies gives our students unique opportunities to build their future careers, be it through top-class companies or capitalizing on their own innovations in order to create new businesses.

Think of it as your very own, personal launch pad.
And you are what we invest in. You, and your interests, your talents, your goals. Chitkara University is where the YOU that you envision becomes a remarkable reality. It is where you get the instruction and the inspiration you need to chart your course, create your path, and define you.

What defines you? Chitkara believes YOU define you.
“Chitkara is defined by its people.

Whether having discussions in class or over a cup of coffee, we challenge each other to think differently and effect change in our community.

Beyond that, we get to know our peers—who they are, what they stand for, and how they hope to improve the world around them.”
LEARN THE
CHITKARA WAY

One-on-one discussions with the professors make the classes very interesting and interactive. The faculty is very helpful and approachable at all times—even for the slightest of doubts. Our Pedagogy

Our degree programs prepare students for the real world and offer the opportunity for practical, hands-on experience, internships and projects. Take advantage of this experience to gain the practical skills employers are looking for and open your mind to career opportunities. Academics at Chitkara University keep pace with workplace demands and ensures that students are ‘work ready’ and in touch with what is expected in a professional environment.

**Academic Excellence**
Our academic programs enjoy a great reputation in the industry. To maintain our leadership position, we focus on inducting the best faculty from across the industry and academia. Our faculty is known for its strong academic orientation contributing to the creation of knowledge in a dynamic, ever changing environment. Classes are built around experiential learning where students are pushed to their limits to take conceptual framework and apply them. Teaching methods include lectures and tutorials that emphasize a learning-centric approach and application of knowledge. Faculty brings their broad based experience into the classroom to enrich the learning process and to ensure that coursework reflects current industry practices.

**Applied & Project Based Learning**
Applied learning is a hallmark of all teaching at Chitkara University. We believe that the best way to learn is by doing and that’s why we emphasize a hands-on approach. We lay stress on project based learning. Thus, the need for independent thinking and creativity is encouraged among students resulting in interesting and novel projects. Further, a significant increase in the open category credits enables students to have a broad base and pursue interests and adopt a multi-disciplinary approach.

**Problem Based Learning (PBL)**
Some of our courses are being taught using the PBL approach where students apply their knowledge to solve problems they may encounter in a professional context and in doing so, extend their experience beyond their text books. Elements of the work situation are brought into the classroom by the PBL approach. Students undertake a series of tasks that bring industry problems into the academic environment.

**Guest Lectures**
Guest lectures are regularly organised by eminent industry experts, entrepreneurs and HR managers from large and medium sized companies to give information to students on latest trends and happenings.

**Specialisation Options**
In every program, further specialisation and electives are offered in the last year of the study. To help a student in this task, various tracks have been identified through our curriculum geared towards a variety of specialisations. Our goal is to prepare students for a satisfying career in Engineering. Following a particular curricular track will equip a student with the skills needed for progressing further in the chosen career.

**Faculty**
Chitkara University boasts of strong faculty with Masters and Doctorate degrees in different specialisations with appropriate academic and research blend of mind. The entire faculty has been drawn from leading academic institutions and corporations from across the country with years of teaching and research experience. Our faculty enjoys a good reputation and strong relations with leading industrial houses in terms of consultancy and research work. Our faculty not only focuses on conceptual understanding of various academic concepts but also gives first hand experience to all students through role plays, experiential exercises, industrial visits and classroom lectures.
WHERE LEADERS ARE MADE

Attitude, Communication & Knowledge are three essentials for students to succeed in their lives. We emphasize more on these three aspects thoroughly to make our students competent and capable professionals.

We provide specially designed training programs to the students in order to improve their employability skills and to prepare them to face the interview boards more effectively. The objective of this program is to provide the students with an integrated module of personality enhancement emphasizing those areas which are essential for the overall growth and development of a confident and well-groomed professional.

In a recent survey of recruiters from companies with more than 50,000 employees, communication skills were cited as the single most important decisive factor in choosing employees. The survey points out that communication skills, including written and oral presentations and an ability to work with others are the main factors contributing to job success.

At Chitkara University, our qualified in-house trainers for communication skills provide language training where students learn to speak and communicate effectively. Sufficient opportunities are provided to our students to master their language skills through group discussions and presentations.

Internationalisation and globalisation are key characteristics of today’s environment. The world has become a global village where economic, political, social and cultural dimensions are tightly intermingled. Such a platform offers not only considerable opportunities but also higher complexity. One must prepare for the future by anticipating the challenges and having a vision for the wide-ranging possibilities.

Chitkara University is prepared to face these new challenges, responding to professional and international commitments, by educating and training students and managers to be global ready for tomorrow’s world and by helping them in developing skill sets desired by future employers.

As a consequence, celebrating diversity, preparedness for international careers and being global are embedded in our organisational culture at Chitkara University.

The International Experience
Combining an international education and study abroad experience is a strong asset in today’s marketplace. It gives candidates a huge competitive advantage but also greatly contributes to students’ personal development.

Students from Chitkara University enjoyed unforgettable experiences during their study abroad programs, such as semester exchange and summer school programs, at partner universities in countries like Germany, France, South Korea, UK and USA.

We, at Chitkara University, believe that combining a state of the art education and study abroad experience is strongly desired in today’s marketplace; it enhances candidates’ professional, global & intercultural competence but also greatly contributes to students’ personal development. Studying abroad is also an important opportunity to build a new network of friends and contacts from all over the world, which is a major asset in an increasingly interdependent world.

CHITKARA UNIVERSITY IN A NUTSHELL?

Cool vibes, great events & excitement all year round, sports, theatre, excursions, always somebody home next door. That is it.
NO PLACE LIKE HOME

Chitkara University offers comprehensive hostel facilities within the campus. We understand that most of our students are moving away from home for the first time, so we strive to make the transition as smooth as possible by offering comfortable and safe hostels within the campus, providing a homely atmosphere. We offer separate hostels for boys and girls with hostel warden in each hostel to supervise day to day management. All the rooms have been designed to provide adequate moving space and ample air and light. Each hostel has its own mess providing hygienic and nutritious meals three times a day. The menu is designed to cater to a range of taste buds. There is hardly ever a dull moment in the hostel where all our classmates are also our neighbours, friends and confidantes. Whether it is having a nice home-cooked meal together, helping one another with project work or making music, the most mundane of activities, when shared with good company, become the best of times.

The annual TEDx Chitkara University, an ideas conference with an international perspective run under the banner of TED, the non-profit organisation ‘devoted to ideas worth spreading’.
Architecture Students involve themselves in national and international events outside of college life, through volunteering within the local and wider community. There are also regular field trips and study visits that are organised as part of the learning experience, allowing students to see various important architectural landmarks and heritage sites.

- North Zone Award for Excellence in Architecture Thesis – 2014
  One of our extremely gifted students, Varun Preet Singh of the 2009-2014 batch, won the North Zone award for 2014.

- UTOPIA @ NASA
  The students of CSPA participated in UTOPIA, the 53rd Annual NASA (National Association of Students of Architecture) Convention and have won the "WINNER - OVERALL TROPHY" and it is a matter of pride for North Zone as it gets its winning streaks for the first time in NASA.

- National Design & Research Forum – All India student design competition
  CSPA students won 1st & 2nd place in the 42nd National Design & Research Forum- an autonomous forum of the Institution of Engineers (India) - for their final year Architectural Design thesis.

- Our Students' Design was approved by the Chief Architect, Chandigarh for the redesign of the entry points to Chandigarh.

- CSPA declared as the best participating college at A3F event at Chandigarh.

- Our students won INSDAG National Competition.

- Braj Restoration Project
  Students of CSPA got an opportunity to be part of Braj Restoration Project in association and under the guidance of an NGO - Braj Foundation. This documentation was in continuation to the last year’s documentation tour to Vrindavan.

- Societal Sensitivity ‐ Design for Rural Environments
  As one of their major projects for the Architecture Design Studio, students of 5th Semester addressed the issue of 'Design Interventions for Upgrading the Quality of Life' of the Village Ram Nagar, located at around 2.5 km from the Campus. The project included detailed study of the entire habitat, including lifestyle, societal issues, building services and infrastructure. Design interventions responded to various developmental issues discovered, including lack of economic opportunities and women empowerment.
